

# European Universities Games 2022

## Schlussbericht Tennis Women

**Sportart:** Women's Tennis

**Universität:** University of Geneva

**Verfasser / Team Official:** Kamila Kashaeva

**Kurztext / Gesamteindruck der EUG:**

Wonderful experience at the European University Games 2022 in Lodz. It has been a huge honor for us to be able to represent the colors of our university and our country at such a fabulous event in such a nice city. We were very lucky to meet wonderful people and are going home with unforgettable memories. Thank you !

**Rangierung:**

1st place in Group B, 5th place in the overall ranking

Preliminary rounds Group B:

University of Geneva (SUI) vs Hungarian University of Sports Science (HUN): 3:0

University of Geneva (SUI) vs University of Nottingham (GBR): 3:0

Quarter finals:

University of Geneva (SUI) vs University of Innsbruck (AUT): 1:2

5th-8th place semi final:

University of Geneva (SUI) vs University of Debrecen (HUN): 2:0

5th place final:

University of Geneva (SUI) vs University of Nottingham (GBR): 3:0

**Spezielles aus der Sportart:**

Two singles matches and a doubles match.

We enjoyed the fact that the tournament keeps on going and we play matches throughout the week independently of the result (win or loss). For instance, we lost in the quarterfinals, but we still competed in two more matches for the 5th rank.

**Niveau/Voraussetzungen für Klassifizierung in der 1. Tabellenhälfte:**

The best player of the tournament was ranked about WTA 500.

The overall level of the teams (as well as inside each team) is not very homogeneous. The best teams (about top 5 of the tournament) are probably of LNB level.

**Learnings für die nächsten EUC / EUG, Wünsche, Ideen:**

- Have an additional day off in the middle of the week to be able to relax/go sightseeing (maybe organize a day trip to a city nearby)
- Start with the doubles match first and then follow up with the two singles matches
- Have an extra court available for the warm up
- Have a coach to help us
