Kurztext / Gesamteindruck der EUG:

the EUG organised the event really well, the accreditation was the only negative as it was a little too long. Unfortunately Geneva University didn't help us that much financially as we were not fully taken in charge, so we had no coach to relieve us of papers and other organizational issues like the accreditation, to be able to focus 100% on the competition.

sehr wichtig ein Coach haben, und es war cool Events mit der ganzen Schweiz delegation zu haben.
